We welcome your interest in the St Paul Lutheran School Classes and Programs. We invite you to consider the options we offer in providing highest educational and academic standards in a warm, nurturing, Christian environment, staffed by professional educators. The principles of a classic Lutheran education are woven throughout the classes and programs.

We offer four types of programs: Education (Preschool-Kindergarten), Reinforcement and Practice of the Education Program (The Kid's Club), Enriched Learning, and Before and After School Care.

ST. PAUL

LUTHERAN SCHOOL

Sherwood, Oregon

St Paul offers **Preschool** programs for three- and four-year-old students. The Preschool curriculum relies on the Splash into Pre-K curriculum -- a well-researched and respected program for preschool learning.

In the **Kid's Club**, children participate in activities that offer practice and reinforcement of knowledge, skills and concepts, which they learn during the preschool program instruction.

Pre-Kindergarten is a five day a week afternoon program offered for children who are developmentally ready. (September 1st is the cut-off birth date for Kindergarten.) These children are academically and socially ready to be in school for a longer period of time. The program builds on the skills, knowledge and concepts taught in the 4-year-old Preschool program.

St. Paul's **Kindergarten** is based on strong academic and educational foundations to address and meet the needs of the whole child: academic, social and emotional, and faith. The Class is held all day, Monday through Friday.

Our new Enriched Learning Center is based on a play-, subject-based curriculum focused on directed, meaningful learning through physical activity, art and creativity. Music and Spanish instruction are included in the Center's activities. The Center is available in the afternoon, Monday through Friday.

We encourage you to visit with our Principal to discuss the classes and programs to meet the needs of you and your child. We look forward to serving you.
